

Welcome to MiPSE Parent Portal

We are excited to announce that you now have online access to MiPSE, Michigan PowerSchool Special Education, to view your child's finalized educational documents. MiPSE is the county wide special programs software that is used to create and review IEP's, behavior plans, health plans, Section 504's, and more. MiPSE's parent portal will provide you the ability to see current and past finalized documents.

Please reach out to your District Contact person if you don't see your document within a week of the expected date.

Still Need Help?

Please reach out to your district representative to help with further questions.
